

19 February 1957

MEMORANDUM FOR THE RECORD

FROM: Chief, Budget Division

SUBJECT: Property Report to the Government Operations
Subcommittee

1. Mr. Robert K. Coote, Staff Assistant, Technical Review Staff, Department of Interior, was called today and was asked whether any questions had come up concerning the estimated value of mineral rights in their property report to the Government Operations Subcommittee as of 30 June 1956. Mr. Coote said that no questions had been raised concerning this estimate. After further discussion, he indicated that he saw no reason why CIA inventories couldn't again be included in the report for 30 June 1957. I indicated to him that we would write to Mr. Dawson stating that this was our intention.
